Chamber of Commerce Members:

The business listings are members of the Holmes County Chamber of Commerce & Tourism Bureau. These businesses sponsor this publication and are highly recommended by the Chamber of Commerce.

Contrasting Location:

 Due to our rural area, businesses with this symbol are located in towns that differ from their physical address. A business located in Berlin could have a Millersburg address, just as a Walnut Creek business might have a Sugarcreek address. We recommend reviewing our map or using GPS for listings with this symbol.

Sunday:

 The symbol "Sun" means the business is open, either to new business or to overnight customers on-site. Hours may be limited; Sunday is a day of rest and worship in Amish Country.

Wi-Fi:

 Businesses with this symbol offer Wi-Fi at their locations. Check with each business to confirm Wi-Fi network names, restrictions or passwords, if required.

Handicap Accessible:

 Businesses with this symbol have ramps or other accessibility features.

Pet Friendly:

 Businesses with this symbol allow common household pets into their establishments.

Amish Country Lodging Council:

 Lodging facilities with this symbol are members of the Amish Country Lodging Council, an organization administered by the Holmes County Chamber of Commerce & Tourism Bureau, committed to maintaining the highest level of service in the hospitality industry.

Map Codes:

 The countywide map contains coordinates so it's easy to locate attractions. These coordinates are shown beside each listing in the Index. The letter/number combination found next to the business listing corresponds to the business location on the large map found behind the inside front cover.

Scenic Byways:

Nearly every mile of state and federal highway in Holmes County is designated as an Amish Country Byway. This means enjoyable views wherever you go, but drive carefully. It also means other people will be looking at the scenery as well.

Using GPS:

Most map programs work better when abbreviated routes are written out (SR is State Route, CR is County Road, TR is Township Road). However, some GPS units will not recognize "Township Road" or "County Road." This can be solved by using "Highway" instead of "Road."

Share the Road:

Sharing the road with buggies and farm equipment is often new to tourists. To enjoy a safe trip in Amish Country, please follow these guidelines:

- Normal speeds for horse-drawn buggies range between 5-7 mph, even slower when pulling large farm equipment or when crossing intersections.
- Use caution and avoid accelerating at the top of hills.
- Amish Country's winding roads can create blind curves; drive slowly.
- Vision from the driver of a horse-drawn vehicle or farm machinery may be restricted, and drivers may not be able to see cars behind them.
- Car drivers should anticipate left-hand turns made by horse-drawn vehicles into fields and driveways. If a driver's left arm is fully extended this is a left-hand turn signal – not a signal for you to pass.
- Leave room between your vehicle and a buggy stopped at a stop sign or light. Horses may back up a few feet after coming to a complete stop.

Passing buggies:

When passing on rural roads, keep in mind the road may be narrower than city streets. Loose gravel can be hazardous. Pass slowly only when safe and on a reasonably open stretch of road.

- It is illegal to pass a buggy or slow-moving vehicle on a roadway marked with a solid yellow line unless: the slower vehicle is proceeding at less than half the speed of the speed limit, the faster vehicle is capable of overtaking and passing the slower vehicle without exceeding the speed limit, and there is sufficient clear sight distance to the left of the center or center line of the roadway (ORC – 4511.31).

Cell phone signals:

Verizon service is reliable in most parts of Holmes County, but many other carriers are on roaming or are unable to find a signal in our region. Please check with your cell phone service provider for local area coverage.

Discover Artisan Crafted Furniture...

When Amish and Mennonite settlers put down stakes in our part of Ohio they brought the skills needed to build a community. They mostly farmed for a living and grew, produced or crafted most of what they needed to survive, including furniture.

Starting with individual craftsmen, they built furniture for family and neighbors as part of a heritage of independence. Today, visitors are lucky to browse stores brimming with furniture built by artisans whose commitment to quality has been handed down for generations.

With more than 30 retail showrooms and about 400 manufacturers, Ohio Amish Country has the largest concentration of hardwood furniture retailers and builders in the United States. Where else can you find mid-century modern living room suites cozied up next to transitional dining options? Rustic, traditional, cottage, contemporary — you can find them all when you explore our tiny towns and delightful backroads.

From Page 22

When furniture shopping in Ohio Amish Country, plan to visit multiple stores. Furniture stores can be found across the countryside and many specialize in different styles or types of furniture. Comparison shopping can be a delight when there's something new around every corner.

Make sure you get exactly what you want. Many of our stores will create a custom piece of furniture to your exact specifications. Consult with experts at the stores who will help you design a one-of-a-kind treasure.

Don't worry about how you'll get it home. While browsing through showrooms boasting king-sized beds, magnificent dining sets or elaborate storage systems, it's good to know that our retail furniture stores offer delivery, and most will deliver across the country.

Like home-grown food or hand-crafted quilts, high-quality hardwood furniture built by dedicated artisans provides an opportunity for you to bring part of our heritage into your family's life.

EAST MAIN KITCHEN'S smothered Chicken

Ingredients

- 8 chicken breasts
- 1 cup fresh salsa
- Honey mustard dressing
- Shredded Mozzarella cheese
- Green onion

To Prepare

Grill the chicken breast until the internal temperature is 165 degrees. Layer into a baking dish. Smother in honey mustard dressing, then the salsa and cover with Mozzarella cheese. Slice the green onion and garnish the top. Bake uncovered until cheese is slightly browned. Let cool, and enjoy!

Taste of Holmes

The region has long been known for hearty home-style cooking. This style is served at restaurants or served family-style at local Amish farms favored by both locals and visitors.

Tastings and fondue options have showcased the award-winning cheeses in the area as well. In recent years the culinary opportunities have grown to include: Fine Dining, Pub Fare, Farm-to-Table experiences and winery adventures!

Whether you are a frequent Amish Country visitor or visiting for the first time, we know you'll love whatever you decide.

Our region has long been known for delicious meals, cheeses and desserts but we are also becoming a winery and brewery destination! Our guests have found that a perfect complement to a day of shopping and exploring is a tasty beverage and a hearty meal.

Opened in 2012, the Millersburg Brewing Company complements the already wonderful Village of Millersburg. Their location in an historic downtown building and ongoing expansion has made them a favorite stop for visitors and locals alike. With 20 brews on tap and a select pub menu this locally-grown business is 'hopping.'

For wine enthusiasts, or oenophiles, the fruit of the vine is available in varied settings making a trip to any of our region's wineries a unique and unforgettable experience. Our wineries take visitors on an international tour from Switzerland to Tuscany as well as the rolling hills right here in northeast Ohio. Award-winning fruit wines, seasonal local favorites, tastings, tours and entertainment are just a few samples of what Ohio Amish Country wineries have to offer.
