## 2021 AMISH COUNTRY Map & Visitor's Guide

Welcome to Ohio Amish Country! Whether you're looking to immerse yourself in a rich culture, hop on a tour, enjoy a little comfort food or find your bliss away from the everyday, you'll find what you are looking for here in Ohio Amish Country. Before paging through our 2021 Map & Visitor's Guide, here's some insider-information to keep in mind as you plan your stay:

### Using GPS:

Most map programs work better when abbreviated routes are written out (SR to State Route, CR to County Road, TR to Township Road). However, some GPS units will still not recognize them. This can be solved by using "Highway" instead of "Road."

### Share the Road:

Sharing the road with buggies and farm equipment is often new to tourists. To enjoy a safe trip in Amish Country, here are a few tips: **1)** Use caution and avoid accelerating at the top of hills. **2)** Be aware that Amish Country's winding roads can create blind spots. **3)** Anticipate left-hand turns made by horse-drawn vehicles into fields and driveways. If a driver's arm is fully extended, this is a left-hand turn signal—not a signal for you to pass. **4)** When passing on rural road, keep in mind the road may be narrower than city streets. Loose gravel can be hazardous. Pass slowly only when safe and on a reasonably open stretch of road.

### Contrasting Locations:

Due to our rural area, a business with a Millersburg address may actually be located in Berlin. Or a business with a Sugar-creek address may actually be located closer to Walnut Creek. We recommend reviewing our map or using GPS to avoid confusion.

## Choose Your Own Adventure. Take Home a Story.

No matter what “adventure” means to you, Amish Country invites you to a place that enchants people of all ages. We all need to hit pause, leave the grind behind, and visit a place where time slows down. Reminding us to be still and notice the details. Where children can feel soft fur, scratchy wool, and gentle nibbles. They’ll dream of changing their world from the drivers-seat of mighty steam engine and ride off into the sunset like the trail-blazing settlers that built this place.

You can pick up the pace and get those 10,000 steps in while perfecting your golf swing or hit the trail and leave your worries in the dust. Whether traveling alone or with friends and family—spark your senses, connect with nature, move your body, or learn something new. All within easy driving distance.

## Slow-Cooked Goodness. Fresh-Made Friendships.

You've hiked and shopped the day away, now it's time to pause the treasure hunt, replenish your energy, and sample the flavors of the region. You'll find delicious options for any appetite, occasion, and budget. So if you're feeding the whole gang, but grandpa says he's staying home if you're going out for that "rabbit food", tell him to bring a bib and punch an extra hole in his belt. Or if you're looking for something on the lighter side that tempts your inner-foodie, sample scratch-made dishes that highlight the flavors of the season.

Then when it's time to cozy up with your sweetheart after a beautiful day exploring Amish Country, enjoy candlelight, hand-crafted cocktails, and inspired dishes. A chef's seasonal showcase of the finest ingredients from local farms.

If craft beers are more your style, grab a pint and pull up a stool. Even the biggest beer-buffs appreciate the exceptional hop-culture in Amish Country. Or find the perfect hand-crafted artisan cheeses to go with the local wine. And listen, you'll want to bring these flavors home with you for yourself, and your friends.

Looking for inspiration as you plan your stay? Go to [www.VisitAmishCountry.com](http://www.VisitAmishCountry.com) and see all that awaits you in Amish Country.
